PMDC at a glance:

- PMDC is a self-sustainable corporation, with its presence in all provinces of Pakistan. Given its exceptional geological data resources, state of the art logistical infrastructure and experienced human resources, it has earned a reliable name and reputation for itself.
- PMDC has 5 Salt projects, 4 coal projects and 5 Joint Ventures in Lead-Zinc, Copper, Soapstone, Salt and Coal.
- PMDC has 40% of total market shares of rock salt. PMDC has the mining rights of the world's largest pink rock salt mines with estimated reserves of 22.22 billion tonnes.
- PMDC has a crown project Duddar Lead-Zinc in JV with MHD China.
- PMDC completed 23 Mineral Exploration and development projects.
- PMDC conducted extensive explorations activities in Gilgit Baltistan over an area of more than 50,000 Square Kilometer and now working with OGDCL for detailed exploration of Gold, Nickle, Cobalt and PGEs.
- PMDC has acquired exploration Licenses of Metalloids and Precious Minerals (Antimony) for 1000 Square Kilometer area and acquiring Iron Ore block of 159 Square Kilometer in Balochistan.
- PMDC is evaluating new business lines of salt crushing, soda ash, value additions and metallic mining opportunities in Pakistan.
- PMDC and Miracle Salt Collective Inc. USA have signed a joint venture agreement of \$200M FDI for setting up state-of-the-art crushing and packaging plant for pink rock salt export.
- PMDC is injecting equity into Soda Ash (Minerals to Chemical) plant by Sapphire in district Khushab and developing mines at IFC standards at different projects.
